

Is Your Service **Ready for a CQC Inspection?**

Independent Mock CQC Inspections to review compliance, governance and inspection readiness before CQC arrives.

Why book a mock inspection now?

CQC inspections are often unannounced or carried out at very short notice. A Fulcrum Mock CQC Inspection gives you the chance to identify risks, evidence gaps and areas for improvement before the regulator arrives.

Identify risk early

Spot compliance and governance weaknesses before they become rating risks.

Strengthen evidence

Review records, leadership oversight and day-to-day practice through an impartial lens.

Support your team

Give managers and staff clearer expectations, practical feedback and confidence.

What Does **the Inspection Cover?**

Fulcrum reviews your service in line with CQC expectations, giving you practical insight into what is working well, what needs attention and what evidence may be missing.

Key areas reviewed

- Care plans and records
- Training and supervision
- Governance and audit evidence
- Medication management
- Staff files and compliance
- Cleanliness, activities and practice

What you receive

1. On-site assessment: A fresh, impartial review of records, practice, governance and operational evidence.
2. Verbal feedback: End-of-day feedback to help leaders understand findings and priorities.
3. Detailed report: Clear recommendations, practical actions and an indicative CQC-style view of risk.
4. A route forward: Support to strengthen inspection readiness, governance and service confidence.

Useful when you need to

Prepare for a possible CQC visit | Protect or improve a rating |
Check governance and evidence | Support a new manager |
Respond to concerns before they escalate
